MS Series Mechanical Torque Screwdriver

- Accuracy: $\pm 6\%$, which conforms to the ASME B107.14 standard.
- 1/4" hexagon socket with a quick-release design, convenient for changing various bits.
- Reliable locking mechanism, light operation.
- Clearer scale, accurate increment.
- Ergonomic handle, double color with soft and hard adhesive, comfortable grip.
- Engineering plastic, oil resistant and non-slip resistant, durable.

Metric

Item No.	Square Drive	Torque Range cN.m	Increment cN.m	Length mm	Width mm	Weight kg
MSM1100	1/4"	20-100	2	172	38	0.26
MSM1250	1/4"	50-250	5	172	38	0.26
MSM1360	1/4"	60-360	5	172	38	0.26
MSM16	1/4"	1.0-6.0*	0.1*	172	38	0.26

*Unit is N.m
